OUR VISITORS

Portsmouth — "Pompey" to its supporters the world over, is intimately connected with the Services and especially with the Navy.

Portsmouth Football and Athletic Club was floated as a Limited Company in 1898. Fratton Park, a very fine ground, was purchased for £4,950, and in 1899 a manager was engaged. He quickly obtained a good side and the Club was promptly admitted to the Southern League and entered the F.A. Cup.

During the first war, Portsmouth was an original member of the 3rd Division South in 1921. Six seasons only were needed to gain promotion to the 1st Division, and from 1927 to 1959 the Club retained its status.

It was after the second war that the Club made its mark in the League being successfully 12th, 8th and then Champions in 1949 and 1950.

Performances in the F.A. Cup are rather striking. The Club reached the

semi-final in 1949 and the final on three occasions: in 1929 they were beaten by Bolton, and in 1934 by Manchester City. In 1939 'Pompey' (the underdogs) confounded the prophets by beating Wolves 4-1 at Wembley. At that time their manager was Jack Tinn, a man noted for wearing spats. Some think Jack Tinn's spats worked the oracle — students of football, however, know that a revival of old-time attacking football won the day.

Jimmy Dickinson, M.B.E., is the Club's present manager. From 1949 to 1955 Jimmy was practically an ever-present in the England team and has over the past 25 years been a prominent, well respected man in football. He has had no other club in his career.

The record gate at Fratton Park is 51,385 against Derby Co. in the 1949 F. A. CUP. The highest gate this season, so far, is 13,962 — against Wigan Athletic in September.

FROM THE MANAGERS DESK

Good afternoon, all.

Today we welcome 'Pompey' to Springfield Park for (we hope) our first home game of 1979.

Portsmouth are quite definitely one of the Fourth Division's top sides. Indeed one may wonder why on earth they are in the Fourth, as they are most decidedly a club with great traditions. I don't think they will stay down too long, all I can hope is that we can delay their rise slightly, by taking two points.

'Pompey' are managed by Jimmy Dickinson, one of the most respected footballers ever to grace the soccer fields of England.

Awards

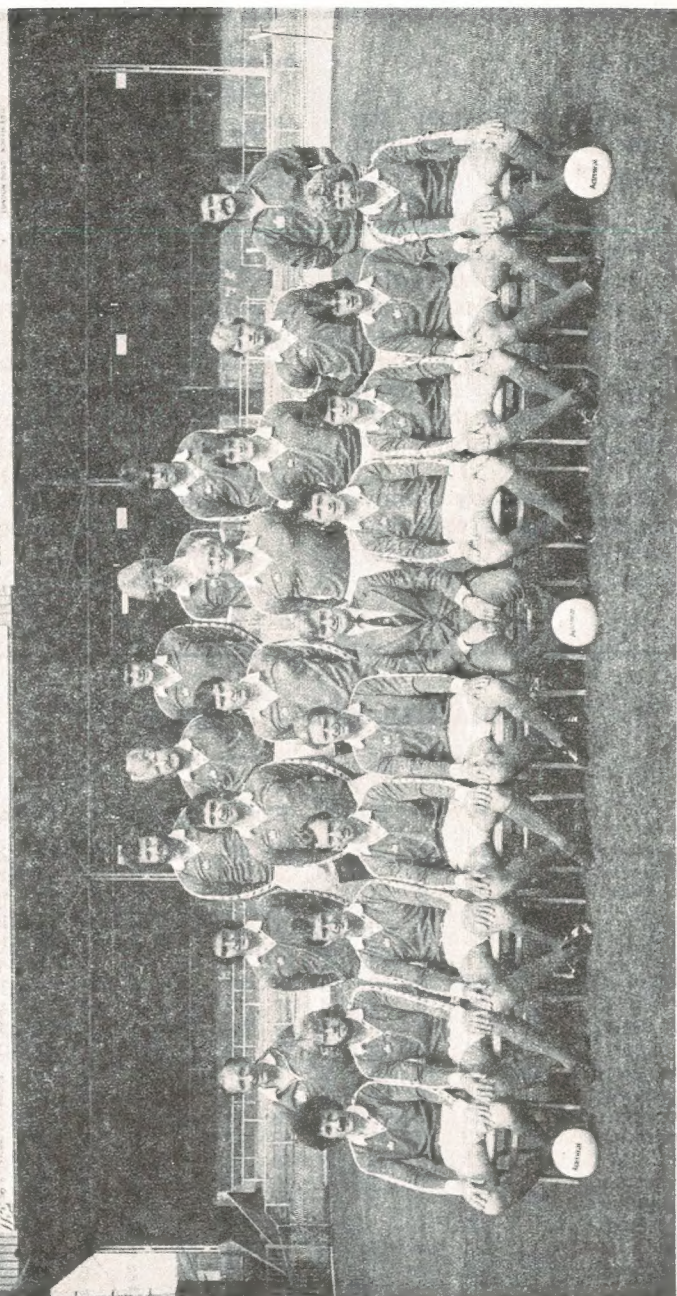

It is interesting to note that two of our players, namely Tommy Gore and Ian Purdie, are in the top ratings of the "People" National Awards Scheme. This is quite a feat in our first year, and I am sure the rest of the lads are not far behind.

The table's top ten are as follows:

Gore (Wigan)	7.46
Newton (Hartlepool)	7.44
Purdie (Wigan)	7.27
McCarthy (Barnsley)	7.25
Bowman (Reading)	7.21
Hughes (Hereford)	7.16
Waters (Grimsby)	7.16
Brookes (Hartlepool)	7.09
Randall (York)	7.08
Cork (Wimbledon)	7.00

FORT KNOX FLOOR SAFES

LATICS LINE

by Nick Duxbury

REFEREES come in for a lot of criticism at the best of times, but even when games are off there is no escape for the fans 'Number One' target.

Wholesale postponements should mean a peaceful Saturday with his feet up for a referee, but he knows that while he may have side-stepped the wrath and pinpoint venom always directed from the terraces, the fans will still be questioning his parentage in various saloon bars.

Only a match day blizzard can quieten the mutterings of the disappointed. They have always seen a game played in worse conditions. The referee is simply an ass and so on.

Yet if the game is given the all-clear, the fans of the losing side have a ready-made excuse. The match should never have been played and the referee takes the rap.

Of course the referees sometimes find it's not only the fans who are after his head. Managers too can be just as outraged at the decision to

either play or call off the game.

But is there a way out of this "Catch 22". Some people advocate a winter break like the one operated on the Continent. It would certainly cut down the number of postponements, but that doesn't mean the idea is a good one.

The Football League is considered to be the most demanding soccer competition in the world and a large part of the "test" is the weather.

It's not enough for League Champions to be simply better footballers than the also rans, they have to do better than anyone else, no matter what the conditions.

A winter break would also make a big difference to the record books and comparisons with previous seasons would be worthless.

On top of that, how many fans could look forward to a football-less December and January. The 5-week lay off Latics have suffered has given an inkling of what it would be like and I for one would hate it.

CHAIRMAN'S MESSAGE

Our last game on 9th January v. Port Vale, is the only game to have been played in 1979 by Wigan Athletic. Weather conditions, the worst for many years, have inevitably been the cause of numerous postponements throughout the country.

There has been absolutely nothing we could do about it. If the snow has been removed one day, it has fallen again within a few hours. The ground staff has done all in their power to save all the games which have been called off.

Fortunately, our Secretary has now arranged new dates for those

games postponed and we can only hope that the weather improves sufficiently to enable the fixtures to be played.

It is very difficult to make any interesting remarks when everything has become dormant. Conditions have affected everything apart from a couple of Board Meetings. Some of the Directors have not seen each other for weeks, but telephone conversations have kept them up to date with events and each and everyone has made efforts to visit the ground at least once a week.

Today I welcome the Chairman of Portsmouth and his Directors, Manager and team to Springfield Park. This is the first occasion that the southern club have played at Wigan. The hospitality shown towards us at Portsmouth was of the highest standard—we shall try to offer the same to them, and if the game proves to be as interesting as at Portsmouth, I am sure everybody will be satisfied whatever the result.

ARTHUR HORROCKS,
Chairman.

A married man, with two children, he is a Schoolmaster. Likes playing cricket and squash, also listening to all kinds of music. Former Secretary of the Lancaster-Morecambe Referees Society, and past Secretary (1972-76) of the Lancashire Referees Association.

OPINION

by Harold Ashurst

WIGAN'S barren period since Christmas has one very surprising feature. The team haven't moved an inch since December 30th, despite playing one match and being beaten at Port Vale.

Generally speaking matches played while Latics have been idle have gone in their favour with teams just below them being beaten.

So their seventh position in the League looks very rosy now with teams directly behind them having played one, two and even three games more.

A win today would certainly be a

feather in their caps as in my opinion they won't meet any better side in the Fourth Division all season.

The match at Fratton Park in September was a cracker with Latics being beaten by the only goal late on in the match.

The set up at Portsmouth, too, is certainly something to admire. If ever a club looked like a First Division outfit then it's 'Pompey', and there was a crowd of 14,000 to see the match that night, which, according to people down there, is just a fraction of what they would attract if they were in a higher league.
